PERSEVERE

Everything You Want To Know & Exactly Where To Find It lives up to its title. William Van Cleave's text combines three useful features. The word lists developed for each skill have been tested over time with a variety of students working at different levels. They are accompanied by invaluable hints for teachers, based on years of experience. Finally, Mr. Van Cleave has compiled an encyclopedic set of additional sources, listed by page number, from the most commonly used supplemental materials. This is truly a resource no teacher of English skills will want to be without.

Diana Hanbury King

Included in this edition:

- easy-to-use format
- essential teaching principles
- expansive word lists covering basic and advanced concepts
- index of commonly used resources
- short history of the language
- dozens of updated lists
